Allowable Subject Matter

1. Claims 1-20 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements:

a GUI wherein an end user graphically selects a subset or group of identified plurality of links on a Web page and edits the selected subset or group of links on the Web page for automatic and individual processing as recited in claims 1, 9 and 14.

Although Weinberg et al., Robertson et al. and Monahan et al. teach a substantial amount of the claimed matters, Weinberg et al., Robertson et al. and Monahan et al. fail to anticipate or render the above underline limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
